

## CORPORATION TO DEVELOP ORIENT

Concerning the recent visit to the United States of Mr. Sugahara and his reported organization of a big guaranty and trust company backed by American and Japanese capital, Tadamasa Imai, vice-consul at his Imperial Japanese Majesty's consulate-general in this city, said today:

"Mr. Sugahara is ex-vice-minister of finance and he is known as a prominent Japanese at home. I have heard that he was planning the establishment of a so-called guaranty and trust company. His main purpose in visiting the United States was to unite with American financiers investing capital in China and also in Japan. He called on a number of American capitalists, principally in New York."

While in Honolulu yesterday on his way to Tokyo Sugahara gave out a statement in which he said the new corporation has an original capital of \$30,000,000 and will ultimately be capitalized at \$200,000,000. He said cordial business relations make more for friendship and that is what Japan most desires from the United States. "Japan and the United States must so hand in hand into China if that country is to grow up and prosper," he said.

## CITY PAYS \$1897 FOR MAY HOSPITAL SERVICE

Patients to the number of 91 were taken care of by the Queen's hospital at the expense of the city and county during the month of May, according to the report received today. For the patients the city and county is called upon to pay \$1897.50, of which \$62.50 was for X-ray treatments.

## PACHECO SLATED FOR LEADERSHIP OF DEMOCRATS?

Senator Manuel C. Pacheco now stands directly in line to succeed Supervisor-elect William H. McClellan as chairman of the Democratic county committee.

At a meeting last night of the committee of the 10th precinct, 5th district, James Pierce, who had been elected to succeed McClellan as a member of the county committee from that precinct, moved that the action appointing him be reconsidered. This was voted, and Pierce then moved that Senator Pacheco be appointed as representative. The motion was carried.

Senator Pacheco had previously been mentioned as the likely successor to McClellan, but the failure of the 10th precinct to place him on the county committee made his appointment impossible. The action taken last night places the senator directly in line for the chairmanship.

## MUMPS, WHOOPING COUGH AND PINK EYE IN SCHOOLS

Reports from the school teachers in charge of the schools throughout the island were received today by the county clerk, and showed that the condition of both children and buildings are on the whole good. The report from Kaneohe says that there are several cases of "pink eye" and whooping cough among the children and that the itch has again broken out. At Waikeala mumps is prevalent.

## PROSECUTION OF WELSH DROPPED

City Attorney Arthur M. Brown will not present to the territorial grand jury for investigation the charge made by the Hawaii Polo & Racing Association that a betting "frame-up," alleged to have involved William Welsh, former chauffeur and clerk in the legislature, was attempted at the recent racing meet at Kapiolani park.

Attorney Brown today issued this statement:

"On the facts adduced I do not intend to bring the matter to the attention of the grand jury."

The allegations of the racing association, already published in the Star-Bulletin, were that a betting coup had been planned and that Welsh offered a bribe to Jockey Johnny Carroll, who was to ride Satisfax in the race in question, to "pull" his mount. Welsh has been barred from the track by the club.

Chairman George P. Cooke of the racing association said in announcing the evidence against Welsh that the city attorney had looked into the case to see if it were possible to prosecute Welsh, but had found no legal grounds upon which to proceed. The fact that Welsh could get no one to go in with him on his alleged "frame-up" is said to preclude possibility of prosecuting him for conspiracy, and as the deal did not come off, no gross cheat charge could be pressed.

An experiment will shortly be made by a private company in Italy in conveying the mail by aeroplane. The first aeroplane will leave Turin for Rome. The charge for each letter is 2 1/2 d.

The recruiting of British subjects in Boston has begun. Twenty-one men enlisted as a starter.

## Fort Shafter Notes

(Special Star-Bulletin Correspondence)  
FORT SHAFTER, June 23.—Subscription invitations are out for the closing exercises of the Fort Shafter kindergarten, and those desirous of attending can obtain tickets at the Fort Shafter postoffice. After a very successful term, Miss Chapin is busy preparing an appropriate program for the day, and it is earnestly hoped that there will be a large attendance, both for the enjoyment to be had from the entertainment and for the encouragement it will be to the teachers as well as to the scholars. The past session has been one of pleasure to the "kiddies" as well as one of instruction. The Fort Shafter Kindergarten Association wishes to extend its thanks to all those who so kindly helped during the past year. Remember, tickets at the Fort Shafter postoffice.

The Ladies Auxiliary will give one of their popular dances at the Masfield hall, Fort Shafter, Saturday evening, June 30, and are hoping for a large attendance. The arrangements will be in charge of Mrs. Rossen and Mrs. Hall, so the success of the evening is assured.

## LOCAL WOMEN URGED TO KNIT FOR SAILORS

New avenues of usefulness are being constantly opened up for the Women's Navy League now that all the units of the navy are in active service and an appeal for the members of the local league to double their efforts has been received by Mrs. William Whitney from Mrs. Sidney Ballou in Washington.

Mrs. Ballou urges all the women here to knit as much as possible, particularly for the crews of small boats of the navy, such as destroyers and submarines.

## CAPTAIN STRANGE BETTER

Capt. Harry Strange is steadily improving from the severe shock which he received several weeks ago, according to a message received by his mother. He is now in a hospital in London.

Letters to Mrs. Strange describing the experience say that a shell fell in the midst of Strange and his men, penetrating the ground and exploding. The explosion knocked him unconscious and he lay thus for more than an hour before being rescued.
